

Visit weeeireland.ie/battery-recycling-challenge for more details. Will you Recycle For Good?

WHAT IT'S ALL ABOUT?

The **WEEE Ireland Schools Battery Recycling Challenge** is a **FREE Waste Battery Recycling Programme** that educates and encourages environmental awareness among students.

The programme supports families cared for by LauraLynn, Ireland's Children's Hospice, and offers students the chance to win fantastic prizes for the most batteries collected per school.

Promoting waste battery recycling at your school will ensure that precious materials can be recovered for re-use in manufacturing and any hazardous waste is disposed of safely.

By engaging in fun learning activities and taking charge of battery recycling, your students (and their families) will learn about the importance of being responsible for the environment and together how you can make a difference in your community.

Take the challenge today and go to weeeireland.ie to get started with free class activities, lesson plans, educational videos and more.
